Profile Summary

Second-year Computer Science BSc student at the University of Surrey. Brings hands-on experience across three internships spanning Generative AI, product development and prompt engineering, alongside leadership roles as Course Representative for Computer Science and Secretary of the Basketball Society. Combines a consistent track record in customer-facing work with early technical project experience and is now seeking a placement to apply this across real-world challenges.

Key Skills

- Mathematical & analytical problem-solving
- Generative AI, Machine Learning & Data Science
- Java, Python & SQL
- Microsoft Word, PowerPoint & Excel
- Data Structures & Algorithms, Object-Oriented Programming, Databases & Operating Systems
- Communication, teamwork, time management & organisation

Courses & Certifications

- McKinsey Forward Program — McKinsey (Apr – Jun 2026)
- Data Science & Analytics – HP / Life Global (Apr 2026)
- Intro to Machine Learning, Advanced SQL – Kaggle (Oct 2025 – Jan 2026)
- Introduction to Cybersecurity – Cisco (Oct 2025)
- IBM Cloud Essentials, Deep Learning with TensorFlow & Data Science 101 – IBM (Sep 2025 – Jan 2026)
- Introduction to Generative AI – Google Cloud Skills Boost (Sep 2025)
- PwC Virtual Insight Programme – PwC (Jul 2024)

Projects & Achievements

- **Smart Document Analyser — Personal Project, In Progress:** developing a Python/FastAPI application that accepts PDF, DOCX and TXT files and uses the Gemini API to classify documents and generate tailored outputs. Implemented structured JSON responses using JSON Schema, with separate classification and content-generation stages.
- **Cyprus DigiEduHack 2025 (EduDataHack) — 1st Place:** contributed to the design of “StudyBuddy”, a student-matching app concept connecting students based on subjects, schedules and learning preferences.

Education

University of Surrey, UK

Sep 2025 – Present

BSc Computer Science, second (penultimate) year, with a year in industry. First-year result: 77% (First-Class Honours).

King's Academy Easthampstead Park — Sixth Form

Sep 2023 – Jul 2025

A-Levels: Maths, Psychology, Physics, Extended Project Qualification (EPQ). GCSEs: Maths (9), English Language (7).

Work Experience

CIB (Commercial International Bank) Egypt

Jul 2026

Generative AI Summer Intern

- Produced weekly reflections analysing key concepts, industry context and takeaways across the Generative AI track, scoring 97% on the final assessment.
- Developed industry knowledge across retail banking, banking ecosystems and financial inclusion.
- Strengthened professional skills through sessions on personal branding and self-awareness.

Bright Network (IEUK 2026)

Jun 2026

Technology and Engineering Summer Intern

- Acted as Product Analyst for the EcoCart app concept, producing UX wireframes, a product requirements document and an investor pitch deck.
- Designed an AI-driven recipe feature aimed at reducing household food waste, translating a sustainability problem into a concrete product feature.

- Completed industry-led workshops from Google and Lloyds Banking Group as part of a competitive virtual internship programme.

Ocularmed

Jun 2026

Prompt Engineer Summer Intern

- Worked as Prompt Engineer to translate Ocularmed's robotic blood-banking technology into clear, accessible messaging for investors and general audiences.
- Co-produced an AI-generated explainer video used in LinkedIn content and investor pitches.
- Designed a website prototype and logo, simplifying complex product features such as QR-code tracking for a non-technical audience.

Primark

Feb 2026 – May 2026

Part-time Retail Assistant

- Rotated across multiple shop floor roles in a high-paced retail environment, adapting quickly to changing priorities.
- Handled customer transactions and resolved issues accurately, working closely with the team to maintain service standards.
- Built strong multitasking, time-management and communication skills through consistent customer-facing work.

Argos

Nov 2024 – Jan 2025; Oct 2025 – Jan 2026

Part-time Customer Advisor (Christmas Temp)

- Delivered customer service across tills, collection counters and the shop floor during two peak holiday seasons, including Black Friday.
- Maintained stockroom organisation and supported the team through high-volume trading periods.
- Built communication and problem-solving skills in a fast-paced, high-pressure retail setting.

Popeyes Louisiana Chicken UK

Jan 2025 – Oct 2025

Part-time Team Member

- Processed transactions and served customers while maintaining strict food hygiene and store standards.
- Built adaptability and customer service skills in a fast-paced, high-volume environment.

Volunteer Experience & Extra-curricular Activities

- Course Representative for Computer Science Course — University of Surrey (May 2026 – Present)
- Secretary of the Basketball Society — University of Surrey (May 2026 – Present)
- Webmaster of the Computer Science Society (CompSoc) — University of Surrey (Sep 2025 – Present)
- Player, University of Surrey Women's 1 Basketball Team (Sep 2025 – Present)
- Head Girl — King's Academy Easthampstead Park (Sep 2024 – Jul 2025)
 - Represented the student body's views to school leadership, contributing to decisions on school-wide priorities.
 - Hosted school events and organised charity initiatives across the academic year.
- Volunteer — Panama Global Citizen Programme, Challenges Abroad (Jun 2024 – Jul 2024)
 - Selected as one of 16 students for an 18-day volunteer programme in Panama, reforesting habitat for Azuero spider monkeys in Pedasí and teaching conversational English in local schools in El Valle de Antón.
- Volunteer Tutor — ABCtoRead charity (Nov 2023 – Jul 2024)
- Johnson & Johnson Bridge to Employment Programme (Nov 2023 – Jul 2025)
- Player, Bracknell Cobras Basketball Club (May 2023 – Nov 2024)

Language Skills

- Fluent English and Arabic
- Fair knowledge of French
